

paraffin wax

Revolutionary in concept, the patented Hive Paraffin Spray Cartridges

Delivers a hygienic and highly effective application of paraffin wax. The paraffin is quickly and easily applied to the treatment area making the perfect system for the busy salon.

Multi Pro Cartridge Waxing 6 Chamber Heater

- This is a revolutionary wax heater that will allow you to heat simultaneously paraffin and roller wax cartridges
- It comprises of two separate chambers which can be individually controlled to heat the waxes to different temperatures.
- It is suitable for use with 75/80/100g wax depilatory cartridges and 100g Hive Paraffin spray cartridges

3202 6 Chamber Heater £66.95

Mini Multi Pro Cartridge Waxing 3 Chamber Heater

- This is the compact version of the Multi Pro Cartridge Heater, with 3 instead of 6 chamber
- It can still simultaneously heat Paraffin and roller wax cartridges, and is thermostatically controlled to ensure both types of waxes are heated to different temperatures within the same unit
- It is ideal for the mobile therapist or the smaller salon

3203 3 Chamber Heater £38.95
