Pedicure Pliers & Cuticle Nippers

High quality, hand-finished, stainless steel implements. Capable of withstanding the rigours of constant autoclaving. The pliers can be resharpened to extend their life. We recommend that the box joints are kept well lubricated with metallic lubra oil. These ranges should not be put into an autoclave with lower grade instruments or put in the same cycle as Nickel plated instruments.

Pedicure Plier Curved

- Precision superior quality
