Luxo Circus Illuminated Magnification Lamp

The right light

LUXO

The most advanced illuminated magnifier ever designed, complies to medical certification BS EN 60601. It utilises the latest lamp technology using a high intensity 22w circular T5 tube with very good colour rendering capacity. The tube is operated by high frequency ballast eliminating flickering and prolonging lamp life.

- Very large "free floating" lens of 16.5cm diameter giving a large field of view with a very narrow frame around it. Large lens permits comfortable viewing with both eyes. 3.5x magnification
- Circular light source is the ideal way of illuminating an object, virtually eliminating shadows
- Carefully calculated reflector optics gives a very high light intensity at focal distance
- Patented highly flexible self balancing shade neck
- The shade neck can be positioned horizontally, vertically and laterally
- The fully covered spring balanced arm makes it easy to position the luminaire in the correct position and makes cleaning easy
- Hinged lens cover is standard. It protects the lens from dust and prevents the luminaire from inadvertently turning into a burning glass

1025	Circus Lamp with Table Clamp	£341.00
1027	Circus Lamp with Mobile Stand	£490.00
